Department of Information & Public Affairs

PRESS RELEASE

September 15, 2021

The Management of the Liberia Electricity Corporation (LEC) wishes to inform the public and its many customers that its attention has been drawn to a grave allegation made in the media against the crew of Car 36.

The LEC's management takes these allegations extremely seriously and has instituted an investigation.

The LEC's management is seeking Community members assistance in this investigation and would like to encourage all community leaders and residents that have been affected by these or any other illegal acts to come forward so that the perpetrators can be identified and subjected to the full rigors of the law.

Employees who choose to get involved with theft of power or extortion of monies from its customers and the public will face the full weight of the Power theft Law of Liberia.

Signed: THE MANAGEMENT
